SPECIFICATIONS

Color	Blue Color Liquid	Phosphorous content	0.00%
pH use dilution	6.5-6.9	Character	Viscous Liquid
Scent	Floral		

NOTE: The various color and fragrance combination is also available.

PRODUCT DIRECTIONS

Equipment to use: Refillable hand soap dispenser.

Direction for use: Apply a liberal amount of liquid hand soap to wet hands and work into a lather to loosen all dirt and grime. Continue scrubbing hands for at least 30 seconds. If hands are extra soiled a second application may be necessary. Rinse hands thoroughly with clean water and dry.

It is ready to use. Pour directly into liquid hand soap dispensers. If other product was in dispenser before clean it thoroughly before adding this product. While this liquid hand soap will not clog dispensers, it is good housekeeping procedure that dispensers are flushed out with water periodically. This will assure trouble-free operation.

PACKING

This product is available in 2, 4, 5 liters capacity. The other small packing is also available.
